

JOHN D. KEITH MEMORIAL WILL BE IN NEW WING OF HOSPITAL

A memorial to the late Atty. John D. Keith, president of the Annie M. Warner Hospital at the time of his death, July 12, 1941, will be established in the new south wing of the hospital through a gift of \$5,400 to the current \$350,000 building fund.

Henry M. Scharf, chairman of the memorial gifts committee of the building fund, today announced the subscription by Dr. C. Harold Johnson and his wife, the former Miss Nancy Keith, daughter of Atty. Keith. Scharf said the playground in the new pediatric section of the enlarged hospital will bear a memorial tablet as a tribute to Mr. Keith. The pediatric section is a feature exclusively for children in the new wing. It will contain a private room, a four-bed room and a playground adjacent to a nursing station at the apex of the new north and south wings.

Born In Waynesboro
John DeKalb Keith was born in Waynesboro, Pa., June 11, 1879. He received his early school in Gettysburg, at Stevens Hall, Gettysburg Preparatory School and Gettysburg College, graduating from the latter in 1899 with a Bachelor of Science degree.

Mr. Keith read law with the late W. C. Sheely, father of Judge W. C. Sheely, and studied at the University of Michigan Law School. He practiced with Mr. Sheely until elected district attorney of Adams County in 1904, assuming that office in January, 1905.

In 1902 he was admitted to the bar of the several courts of Adams

300 PERSONS AT SECTOR DINNER TUESDAY NIGHT

"You wouldn't want to live in a community that didn't have a church," Paul I. Folkemer, Baltimore, past president of the Lutheran Laymen's Movement for Stewardship of the United Lutheran Church in America, told nearly 300 members of St. James Lutheran Church at a dinner meeting at the Gettysburg High School gymnasium Tuesday evening.

The dinner, the first ever held outside the church, was a "kickoff" for the Sector Stewardship Project which is being conducted by many Lutheran churches in the area.

"Fifty per cent of the people never join a church," Folkemer said, and 30 per cent of those who do belong to churches never attend church on Sunday."

Present Reports
Reports were presented by the research committee, Donald Peters chairman; proposal committee, Luther Smith, chairman; survey committee, M. P. Hartzell Jr., chairman; publicity committee, Walter Smith; organization committee, Richard Lighter, chairman, and advance visits committee, Charles C. Culp.

Rev. John S. Bishop, assistant pastor, pronounced the invocation and Rev. Dr. Paul L. Reaser, pastor, gave the benediction. Group singing was led by Mrs. Robert Shealer accompanied by Mrs. Paul L. Reaser. M. P. Hartzell Jr. served as toastmaster in the absence of Crosby Hartzell who was confined to his home by illness.

Training Session Held For Reserves

Second Lt. Robert W. Black, commander of Company A of the 313th Infantry Regiment, USAR, announced Tuesday evening at the unit's regular drill that any Army Reserve second lieutenants who desire to join the unit should contact him during one of the Tuesday evening drills. The unit meets at 39 Queen St.

On-the-job-training for the headquarters platoon was conducted by 1st Sgt. Nile R. Little, Aspers R. 1. The rifle platoons received instruction in the caliber .30 machine gun by Pfc. Robert M. Wetzel, Biglerville R. 2, assisted by Pfc. Martin L. Sentz, New Oxford R. 1.

The weapons platoon received instruction in the 37mm. rifle by Sfc. Richard B. Yingling, 341 Steinwehr Ave., assisted by Pfc. Bernard L. Martin, Gettysburg R. 4.

Pfc. John R. Korver, New Oxford R. 2, was assigned to the unit following his release from the USAER (United States Army, Europe) Control Group.

OFFICERS FOR R. C. CHAPTER ARE RE-ELECTED

Officers of the Adams County chapter of the Red Cross were re-elected at a brief meeting of the board of directors Tuesday evening following the annual dinner meeting at the chapter membership at the YWCA building.

At the dinner session, there was an address by the Rev. Robert A. MacAskill, pastor of the Gettysburg Presbyterian Church, and 11 persons were elected to the chapter's board of directors for three-year terms.

Officers re-named by the board for another year include: George W. Naugle as chapter chairman; Orville B. Orner, vice chairman; Mrs. P. J. McGlynn, Biglerville, secretary, and Ray T. Kitzmiller, treasurer.

11 Directors Named
Chairman Naugle made appointment of committee heads for the year ahead.

Directors re-elected Tuesday evening included Attorney Edward B. Bullett, Mr. Kitzmiller, the Rev. Amos Meyers, York Springs; Miss Nina Storrick, Miss Margaret McElhenny, Miss Ruth McElhenny, Miss Rebecca Sachs and the Rev. Fr. Anthony Kane. New members of the board are Ralph E. Barley, Hugh C. McElhenny and Dr. Martha Storek. Elections followed the presentation of the report of the nominating committee by Orville B. Orner.

Ted M. Tussing, member of the chapter's board of directors and chairman of the program committee for the evening, was the toastmaster. There was an official welcome from Chapter Chairman Naugle.

Saw R. C. In Flood Emergency
In his address, the Rev. Mr. MacAskill reviewed the wide field of service rendered by the Red Cross to men in the armed forces, their families, veterans, community services such as training in first aid, water safety and home nursing and then told how he observed the Red Cross at work in the flood emergency in 1946 in his former home community of Athens, Pa.

"Our nation has a conscience and it is best expressed in the Red Cross," he said. "The Red Cross renders a real blessing to those it serves and to those who serve in its humanitarian programs. The Red Cross has a high purpose and ideal for service and is made up of dedicated men and women. The Red Cross itself denotes mercy, kindness and alleviation of suffering and this worthy cause deserves our support and concern."

Centering his talk about the importance of having a "faith fit to live by, a self fit to live with and a work fit to live for," the Rev.

R. I. COUPLE ARE EXCHANGE CLUB PA. WEEK GUESTS

Mr. and Mrs. James W. Audrey, Cranston, R. I., were the guests of the Gettysburg Exchange Club Tuesday evening at Banker's Restaurant for the club's annual observation of Pennsylvania Week. The couple was presented a "key to the city" by Burgess William G. Weaver and a map of Pennsylvania by Sgt. Carl Renz, Pennsylvania State Police, on behalf of Governor George M. Leader.

Each year the club selects a couple visiting Gettysburg to be their guests for the observation of Pennsylvania Week. Last year the touring couple was from Michigan.

Dr. Robert Fortenbaugh, head of the Gettysburg College history department, was the speaker at the observance, describing some of the state's early history. Also a guest of the club was Harry W. Pranz, a member of the local National Park Service, who guided the Audreys on a tour of the battlefield today.

Dr. Fortenbaugh Speaks
Tuesday the couple was taken on a tour of the county by John J. Slentz, chairman of the club's Pennsylvania Week committee. They were selected from the tourists visiting Gettysburg Tuesday by Nicholas A. Melikakes when they visited the Plaza Restaurant.

Ernest H. Simpson offered the couple the use of his 1911, Model 30, Cadillac for their tour of the battlefield today. Vice President Donald C. Joseph presided at the meeting and gave a brief account of the observance, noting that it is a project of the Pennsylvania Exchange Club.

Dr. Fortenbaugh in his address noted that Thursday is the 313th anniversary of William Penn's birth. "This year Pennsylvania Week is more than just the anniversary of Penn's birthday as far as observance is concerned. We also mark this year 275th anniversary in Pennsylvania history. One is the anniversary of the date on which William Penn first sighted the New World from his ship 'Welcome' and his landing at what is now New Castle, Del.

"Settlements in Rhode Island date to 1635 but we may say that Pennsylvania is older than the coming of William Penn. The first European to see this general area was Henry Hudson, an Englishman under the employ of the Dutch, who was looking for the Northwest Passage.

"In 1609 he observed what is now Delaware Bay, calling it South Bay; (Continued On Page 3)

CONTEST PRIZE IS VISIT HERE

A trip to Gettysburg will be the prize for some Philadelphia area family in a contest being conducted by a Philadelphia television station. Gettysburg was selected because of an advertisement placed by the Gettysburg Travel Council in TV magazine, it was said.

The advertisement cited the beauty of the countryside in the county and the battlefield.

The station is seeking ideas to promote a series of 39 weekly television programs entitled "The Gray Ghost," which concerns the Civil War and decided a trip to Gettysburg would be an appropriate prize for a Civil War contest.

With Livered Chauffeur
The Travel Council furnished information and pictures on Gettysburg which will be shown over the station during the contest.

The winning family will travel by auto with a liveried chauffeur during the three days of the tour, November 29, 30 and December 1.

While here the family will be guests at the Hotel Gettysburg, which, the station states in its publicity for the contest, is "nationally famous."

In addition to the family contest, the station is also conducting a Civil War essay contest among high school students.

More May Enroll In Leadership School

Church and Sunday School leaders and any others interested from throughout the county will have an opportunity to enroll next Monday evening in the annual Adams County Leadership Training School being conducted each Monday evening at the Gettysburg Church of the Brethren, Biglerville Rd.

There were 77 persons enrolled at the first session on Monday in the six courses offered this year. A number of persons are expected to be added to the student body next Monday evening when the second session will be held. Mrs. Glenn Simpson, school registrar, said.

There was a dinner meeting of the staff and board of directors of the school at the church before the initial session on Monday evening.

President And Briton Confer

WASHINGTON (AP) — British Prime Minister Harold Macmillan came here today to appeal to President Eisenhower for restoration of the American-British partnership in scientific research. He said his single purpose is to "improve friendship and extend cooperation" between the two countries.

Macmillan's plane landed at 9:17 a.m. after an overnight flight from London. He was met by Secretary of State Dulles who said that while the Communist world is held together by force the free world is united by understanding. "We must never take that understanding for granted," Dulles said in his greeting.

CHEST TOTAL IS \$16,104.50; SHORT \$6,000

The Gettysburg Community Chest has reached \$16,104.50. The increase includes \$300 from the Moose lodge and \$100 from the Woman's Club of Gettysburg. \$3,000 more is expected from the advance gifts, classified, industrial, and rural divisions.

Eight rural solicitors and 87 residential solicitors have not yet completed their solicitations.

"The response to our appeal for pledges so far has been good. When the solicitors have explained this easy way to increase contribution over the year to at least five dollars, the response from the people who in the past have given a small amount has been excellent. The majority of our citizens know of the worthwhile work performed by the agencies making up the Community Chest and they are glad to be able to do as much as they can to support them," Gordon Webster, chairman, said today.

Webster said that approximately 450 families have not donated or have not been contacted. He said if each gave an average of \$5 the fund would be increased by almost \$2,300.

"We are hopeful that these families will do their share toward attaining our goal," he said.

Hand Is Burned By Firecracker

Raymond Smith, 15, Gardners R. 1, was treated Tuesday at the Warner Hospital for multiple burns of the right hand and neck sustained when a firecracker exploded in his hand.

Robert Wright, 24, an employee of the R. F. Kline Construction Co., Frederick, was treated Tuesday for lacerations of the nose and left eyebrow, fracture of the nose, and contusions of the right leg. He was injured when a road bank caved in and struck him on the face.

Restrict Visits To Patients In Hospital And County Home; School Absenteeism Declines

With approximately 50 more cases of respiratory illness reported at Gettysburg College overnight, a plea was made today for five nurses' aides to help care for the ill students.

John W. Shainline, dean of students, today asked women who have been trained as nurses aides to contact Mrs. Ann Pickering, head nurse at the college infirmary, phone 1251, and offer their services.

While the number of students who had the diseases or were recovering from them was estimated at 250 Tuesday, Shainline said today the number was up to "about 300."

Forty-two of the students have been placed in beds. They are in the infirmary, where both men and women students are being treated; at Buehler Hall where several of the women students are bedded, and on the main floor and top floor of the Student Christian Association building where emergency wards have been set up for men students who are ill.

A number of students are also confined to their own rooms in cases where the illness is not too severe.

Dean Shainline's order of Monday cancelling all campus activities excepting regular classes remains in effect today. Outdoor intramural sports are being permitted.

Attendance at Gettysburg schools showed an overall improvement although there was a slight increase in the absence list at the Gettysburg Parochial school today over Tuesday's figure.

The biggest improvement came at Gettysburg High School where there were only 214 pupils missing today as compared with 262 on Tuesday. At St. Francis Xavier Parochial school, the absence list today showed 167 names as compared with 152 on Tuesday.

In the public grade schools here the total absent this morning was 241 compared with Tuesday afternoon's total of 253. Today's absence list by buildings follows: Keefeauver, 116 against 119 Tuesday afternoon; Lincoln, 42 today and 45 Tuesday; Heade, 59 today and 60 Tuesday; High Street, 24 today as against 29 Tuesday.

Decline At Delone
Delone Catholic High School reported a reversal in the attendance trend there today where only 163 were out today as compared with 174 Tuesday.

Fairfield schools continued to report a mounting total of absences. There were 85 missing in the grade school today and 116 from the high school as compared with a total of 173 on Tuesday.

New Oxford High School reported only a slight increase today over Tuesday, 51 against 57.

At Littlestown High School there were 40 pupils out today as compared with 27 Tuesday.

In the Upper Adams jointure, there was a general improvement in attendance today. At Biglerville High School the total absent dropped to 74 from 84. Biglerville and Ardentville grade schools held their own with 20 and 30 absent, respectively, both today and Tuesday. At Bendersville Principal Wilson Wenk was back on the job today and

Jupiter Rocket Is Fired By U.S.; Details Kept Secret

By LAYTON DINNING
MISSILE TEST CENTER, Cape Canaveral, Fla. (AP) — A Jupiter rocket soared skyward last night in a spectacular and successful test of the Army's intermediate range ballistic missile.

The missile, designed to travel 1,500 miles, was reported officially to have taken its prescribed course and landed in its preselected target area. It was the first time the Defense Department had identified a missile fired from here or had given an immediate report on the outcome of a test.

Details Are Secret
The Pentagon, however, would not reveal how far the Jupiter had traveled. A spokesman said that still is secret information.

The mighty missile trailed a long oval flame which lighted up the Cape Canaveral area. Minutes after the launching the Miami Herald, 200 miles to the south was flooded with calls from residents who said they saw it pass overhead.

There still was no word on when the scheduled test of the Navy's Vanguard missile will take place. The three-stage rocket, intended

Restrictions on visitation to the county home and Warner Hospital for the duration of the respiratory diseases epidemic here were announced today.

Dr. Ira Henderson, county home physician, banned visits for the next two weeks. None of the guests at the home are suffering from the diseases, he said, but the ban was placed as a precautionary measure. The visitation ban at the Warner Hospital is on a voluntary basis.

The action took place following a meeting of the executive committee of the hospital staff Tuesday afternoon.

Precautionary Measure

"The current number of influenza and respiratory cases in the community was discussed and their relation to visiting hours considered," Dr. Roy W. Gifford, chairman of the publicity committee of the medical staff, said. "It was the opinion of the committee that it would be wise for the public to voluntarily restrict visiting hospital patients to a minimum during this time."

"The disease strikes quickly and while a visitor may have no symptoms of the disease he may well be incubating the disease and become ill in less than 24 hours. During this incubation period he can transmit the disease to an already ill patient. As yet we know of no such incident but it is prudent to exercise precautions now rather than wait until someone becomes involved."

Aware Of Seriousness

"The committee felt the public is well aware of the seriousness of such an occurrence and would voluntarily cooperate and that arbitrary restriction was not necessary. The administration concurred in this opinion and joins with the staff in the plea for the public to exercise restraint during this period."

"It goes without saying that all those suffering from respiratory infections, grippe and Asian influenza should not visit ill friends in the hospital or elsewhere and also not attend public meetings until recovery has occurred. The number of contacts will be materially reduced and the number of cases in the community kept to a minimum."

MAY CONSTRUCT NEW DAM ACROSS WILLOUGHBY RUN

Directors of the Gettysburg County Club will be asked, at a special meeting next Tuesday evening at the clubhouse, to appropriate approximately \$5,000 to rebuild a new dam across Willoughby Run on the club property.

The purpose of replacing the old dam is to provide a reserve supply of water to care for the needs at the club during the summer months, especially during periods of drought such as Gettysburg experienced last summer.

Glenn L. Bream, chairman of a water committee appointed by President Daniel J. Wolff, said his committee will recommend building a new dam to the directors at next Tuesday's meeting. The committee, named by Wolff several months ago to study a new water supply, includes: Kermit Deardorff, Floyd Brown, Dr. Roy W. Gifford, Dr. Bruce N. Wolff and John D. Teeter, all directors. Joseph E. Codori, Russell Maitland and LeRoy H. Wimbrenner were named to the committee by Chairman Bream.

New Water Supply

Building the dam will create a reservoir with a supply of between four and five million gallons of water which, with the two million gallon lake on the golf course, will be adequate to supply the club's needs.

The committee will recommend that the new dam, the old one having been destroyed more than 40 years ago, be built 200 feet north of the old site; that it be ten feet high and approximately 100 feet wide, with spillways at the sides. Willoughby Run will be dredged from one to two feet deep along about 1,400 feet. Trees will be removed on a water level, the entire run will be cleaned and the new area will be available for picnics, boating, fishing, bridal paths and other recreations.

Club members may attend the general session of the directors and the committee next Tuesday evening.

RURITANS TO ELECT

John H. Knickerbocker, Gettysburg College Librarian, will speak on "United Nations Achievements and Hopes" at the October dinner meeting of the Hunterstown Ruritan Club to be held Friday at 7 o'clock at the Great Conewago Presbyterian Church at Hunters-town. During a business meeting the annual election of officers will be held.

\$710 DAMAGE IN TWO ACCIDENTS

Damage totalled \$710 in two auto accidents investigated by borough police Tuesday afternoon.

Most of the damage occurred in an accident at 12:40 o'clock Tuesday afternoon at the intersection of Highland Ave. and Queen St. Borough police said the cars involved were operated by Mrs. Nettie O. Deardorff, 52, 781 Highland Ave., and Glenn Showaker, 445 W. King St., Littlestown.

Damage was estimated at \$200 to the Deardorff car and \$450 to the Showaker auto. Police said the Deardorff auto after the accident went onto the lawn at the property of Harry Bender at 700 Highland Ave. and struck a small tree.

Baltimore St. Crash
No injuries were listed on the police report which stated that investigation is continuing.

The other crash occurred on Baltimore St. at 1:40 o'clock Tuesday afternoon.

Police said Walter Lasky, Scranton, was driving north on Baltimore St. in a '51 station wagon when Harold Johnson, R. 1, sought to drive his car out into the street from a parked position. The left front of the Johnson car struck the right front fender and side of the station wagon causing \$10 damage to Johnson's auto and \$50 damage to the Lasky vehicle.

TWO STUDENTS

(Continued From Page 1)

Emmitsburg, who is conducting an investigation, said Flanagan was driving north on N. Seton Ave. in a 1951 four-door sedan owned by Mrs. Helen Dougherty, W. Main St., Emmitsburg, when he failed to negotiate the turn.

The car mounted the left sidewalk and struck a stone wall at the home of Paul Keepers, then glanced off a telephone pole after which it ripped down a long porch at the home of George Ashbaugh. After striking a large tree along the curb the auto turned over on its left side at the intersection of the Irishtown Rd. opposite the home of Thornton Rodgers. The car was totally demolished and traveled about 150 feet from its first impact until it came to a halt.

Officer Koontz said he was continuing his investigation and that charges will be preferred later.

Will Demonstrate Reading Teaching

"Your Child Begins To Read" will be the program topic for the October Gettysburg Parent-Teacher Association meeting Thursday evening at 8 o'clock in the auditorium at Keefeauver School. Dr. Russell S. Rosenberger, professor of education at Gettysburg College, is in charge of the program. A demonstration on the methods of teaching reading will be given by Mrs. C. A. Sloan, first grade teacher, and her pupils. A question and answer period will follow the demonstration.

Dietrich Borowski, senior high school exchange student from Bonn, Germany, will be honored by Miss Ruth McIlhenny, chairman of the welcoming committee. Glenn Hess is in charge of the music and devotions which will be in observance of United Nations Day.

Enrollment of members will continue in the school lobby. The membership drive will end October 31 and the committee will award prizes to the room in each school with the highest parent membership.

The attendance committee will award a prize to the elementary room and the junior or senior high school room having the largest parent attendance at this meeting. Following the business meeting refreshments will be served in the cafeteria.

Countian Expires At 8:30 A.M. Today

Mrs. Effie A. Brown, 71, wife of Edgar W. Brown, R. 2, died at 8:30 o'clock this morning at her home after an illness from a heart condition for two years. She was born in Moorefield, W. Va.

The deceased is survived by her husband and the following children: Mrs. Fred W. H. Myers, R. 1; Robert A. Brown, Fairfield R. 1, and Lynnwood R. Brown, R. 2. Littlestown METHODIST MEN HOLD CHARTER NIGHT EVENT

Charter Night was observed at the meeting of the Methodist Men's Club of Centenary Church, held on Tuesday evening at the church. Charles Canfield, past president of the Men's Club of the Hanover Methodist Church, was the guest speaker for the occasion, and in his message reminded the men that they are now members of the second largest organization in the United States. He also told about attending an MMC convention at Purdue University. Mr. Canfield then presented the charter to the president, Thomas Kerns.

The following standing committee chairmen were appointed to serve with the executive board: devotional chairman, Charles Wulfer; attendance, Ralph R. Ruggles Jr.; membership, Kenneth Byers; program, Chester S. Byers; publicity, George Harner; project committee, Elmer G. Miller Sr.

The meeting opened with the invocation by the pastor, the Rev. Rodney T. Yates. Robert Harner reported on the success of a food stand conducted at a recent public sale by the Men's Club. Pastor Yates gave the closing prayer, after which refreshments were served to the group. The next meeting will be held on Tuesday, November 26, at the church.

District Attorney Speaks

Daniel E. Teeter, Gettysburg, district attorney of Adams County, was speaker at the dinner meeting of the Littlestown Rotary Club, held Tuesday evening at Schott's Hotel. Mr. Teeter used as his subject "The Problems of Law Enforcement," and traced the history of the development of law and the basis for it, then related various day-to-day problems encountered in an effort to enforce it. The speaker was introduced by Thomas C. McSerry, acting chairman of the Fellowship and Attendance Committee.

Frank E. Basehoar, vice president, presided at the session. The Rev. David S. Kammerer offered the invocation. Stanley B. Stover introduced the following visiting Rotarians: Landon C. Burns and J. C. Barnsley, Westminster; Dr. Seymour Dunn and David Blocher, Gettysburg; Armin H. Hostetter, Hanover.

"IT HAS TO END"

What else is there for me to do . . . except to say goodbye . . . for after all you were the one . . . who tried to live a lie . . . our road has been a rocky one . . . with little happiness . . . and I have been a prisoner . . . shackled by your caress . . . a willing one I must admit . . . for love's a funny thing . . . it acts just like a magnet . . . and makes us tightly cling . . . and so it was I went along . . . with hope in things to be . . . until at last each hour seemed . . . like an eternity . . . and then I learned about the lie . . . without truth, hopes descend . . . we had our laughter and our tears . . . but now, it has to end.

World Fellowship Week will be observed at the meeting next Tuesday at 6:15 p.m. The program will be in charge of the International Service Committee, composed of Walter F. Crouse, Lloyd E. Crouse, P. Emory Wear, Roy D. Knouse and Edward T. Richardson Sr. On Tuesday, November 5, Old Timers Night will be observed at the Harney Fire Hall, when all the members of the community over 70 years of age will be guests of the Rotarians.

Frank E. Reynolds. The parents were the baptismal sponsors. The child was born on May 29, 1957, in the Warner Hospital, Gettysburg. The Rev. Mr. Reynolds is a former pastor of Redeemer's United Church of Christ. Accompanying Mr. and Mrs. Hall and children, Roxanne, Kim and Andrew, to Reading were his parents, Mr. and Mrs. Clarence

Littlestown JAYCEES PLAN SPOOK PARTY FOR CHILDREN

Children of the community are invited to attend a Halloween party to be held by the Littlestown Junior Chamber of Commerce, and plans for the affair were furthered at the semi-monthly dinner meeting of the Jaycees held on Monday evening at Schott's Hotel. The party will take place on Wednesday, October 30, from 7 to 9 p.m. in St. Aloysius Hall. There will be prizes for costumes in various age groups and children from pre-school age through elementary school are invited to attend. Refreshments will be served by the Jaycees. Albert J. Bair is chairman of the party committee, and outlined plans for the affair.

The session was in charge of President Richard D. Thomas, who announced that the National Jaycee president will be in Hanover on Monday, November 18, when there will be a dinner meeting at the Hanover Moose Home. Members of the club are asked to make their reservations at \$2.50 each, with President Thomas or Secretary William R. Keefer, by Monday, November 4.

Report District Meeting

John F. Peeser Jr. and L. Robert Snyder attended the district meeting held recently at the YMCA in Chambersburg, and the former gave a resume of the proceedings. It was noted that the chapter has received a five by three foot banner, in blue and gold, with "Junior Chamber of Commerce, Littlestown, Pa." inscribed.

William R. Keefer, chairman of the safety committee, reported that safety doll kits have been ordered from the National Jaycee organization and will be distributed to the children of the first and second grades of the local school, as soon as they are received. Pamphlets on driver safety will also be given to the students in the driver education classes in the local high school.

The chapter voted a contribution to the Polio Clinic being planned in Littlestown. The next regular meeting of the Jaycees will be held on Monday, November 4.

then explored the Hudson River, and finally that large body of water that bears his name, Hudson Bay. On the basis of his explorations the Dutch claimed the shoreline of North America.

The Dutch, in 1623, made the first settlement on the Delaware River at what is now Gloucester, N. J. The Swedes were the next to come, starting a settlement in 1638 across from the Dutch at what is now Wilmington, Del. In 1642 the Swedes made the first settlement in Pennsylvania. Later the Dutch conquered the Swedish and then the Dutch were conquered by the English in 1681.

Philadelphia Was Capital
"Penn realized that to give Pennsylvania a seaport, he would have to control at least one of the shorelines of the Delaware River. Thus he made application and received the area which is now Delaware. Penn made only two short visits to his territory.

"The other 275th anniversary that we observe this week is the arrival in this country of Penn's charter which we might call Pennsylvania's first constitution.

"During the Revolution, Pennsylvania had the third largest population and Philadelphia was the largest city in the colonies. Philadelphia and Pennsylvania had the advantage of being about the geographical center of the colonies and is often represented as the keystone in the arch of states. It was through this significant fact that Philadelphia became the capital of the colonies.

"Holy Experiment"
"Pennsylvania's charter was granted for a debt owed by the king to Penn's father. The colony was established as a refuge for those suffering religious persecution. Rhode Island and Pennsylvania stand out as the two notable colonies offering religious tolerance. But Rhode Island did not have the variety of people or the variety of religions. This was largely due to the extent of its territory.

"Pennsylvania's variety of people and the religious tolerance exemplified here appealed to many of the Europeans. Even today we see the predominance of certain national groups in the state. In the southeast we have the English, the German people in the central part, and in the west, the Scotch-Irish. We

2 Persons Hurt In Mt. Holly Accident

Two persons were treated at Carlisle Hospital early Tuesday morning following a collision of two cars on Route 34 near Mt. Holly Springs. The cars were operated by Gordon A. Windomaker, 33, Gardner R. 2, and William H. Salisbury, 18, Newville R. 3. State police reported Windomaker drove out of a service station in front of Salisbury's car. Salisbury was unable to stop and struck Windomaker's car.

Joseph H. Fisher, 18, Carlisle, a passenger in Windomaker's car, was treated at Carlisle Hospital for contusions of the forehead. Mrs. Gertrude Grifflie, 44, Gardner R. 2, was treated at the hospital for back and leg injuries. Damage to the cars was estimated at \$650.

can count about ten nationality groups in the state.

Philadelphia, Then Gettysburg
"This variety of religious practice was a strong test of Penn's idea of religious tolerance which he called a holy experiment.

"Pennsylvania is not like the boom states of the west but it will continue to grow through the pride its people have in its heritage and through the inviting of people from other states to visit here."

Dr. Fortenbaugh called Philadelphia the most historic city of the nation and said it contained the most historical building. "Next to Philadelphia, Gettysburg is the most historic spot in the nation," Dr. Fortenbaugh said.

Enroute To Virginia
Mr. Audrey is a retired flooring contractor. He and Mrs. Audrey are enroute to Richmond, Va., to visit a daughter. They decided as part of the trip to visit the Gettysburg Battlefield—and when they parked their car at Lincoln Square, were spotted by Nicholas A. Melligakes, of the Exchange Club. He asked the couple if they would be the guests of the Exchange Club and they agreed.

Following the program Tuesday night they were guests of Burgess Weaver at the Hall of Presidents, then were guests of Harvey White at the White Hotel overnight. Meals for the couple during their stay are being furnished by Mr. Melligakes at the Plaza Restaurant.

Today they toured the Battlefield in Simpson's Cadillac. In addition to visiting the field today, they are also scheduled to be guests at the National Museum.

CRASH NEAR SCHOOL

Lucille V. Fisher, Gettysburg R. 4, reported to borough police Tuesday morning at 10 o'clock that a Cork-hill meat truck of Baltimore had collided with her station wagon on the Gettysburg High School parking lot. She told police the accident had occurred 15 minutes earlier as she was backing her station wagon from the visitors' parking area and the truck was driving west on the school road. She estimated damage to her vehicle at \$150 while little damage was done to the truck. The borough officers referred her to her insurance agent because the accident occurred on private property, rather than on a public street.

**UNITED STATES
DAY**

Wednesday, October 23

Today is United States Day, an important commemoration that has not been too well observed in recent years. On this day all Americans should give thanks for the freedoms and high standard of living that have resulted from our constitutional form of government.

They should also resolve to be alert to defend the Constitution, and Bill of Rights, which are under attack constantly from within and without. "Eternal vigilance is the price of liberty."

J. D. Swope Has First Records Of Local Court

Into the possession of J. Donald Swope, Gettysburg attorney-at-law, has come the yellowing minutes of the first session of court held in Adams county more than 132 years ago, together with the first docket kept by the county's first prothonotary, James Duncan.

Mr. Swope found the minute book and the prothonotary's docket among the effects of his father, the late Judge S. McCurdy Swope, at the Swope home on Baltimore street.

Steel Door Will Be Put On Vault At Court House

Acting on frequent recommendations of the state department of welfare and district Attorney John P. Butt, the Adams county commissioners at their weekly meeting Tuesday voted to have a steel door placed on a vault in the cellar of the court house as a storage place for liquor, beer and wine confiscated in raids.

The vault is constructed of concrete and steel and when the steel door is added, it will be almost impregnable.

When the steel door is in place the spirituous liquor now stored in the basement at the county jail will be transferred to the vault at the court house.

Today's Talk

GUIDANCE

All through youth and far into mature life we should not only welcome guidance ourselves but do what we can to give guidance to others as the occasion offers. We should never become so proud as to refuse this guidance.

A never-ending source of guidance is to be found in great books. The great minds of all time are before us all, to learn from them and silently and read their thoughts in the books they have left behind. Said the famous Dr. Osier: "Little by little as the years pass you extend your friendship with the immortal dead."

The habit of reading, so as to be informed and able to inspire this in others, is like putting gold in the bank. We who read and form within us the joy of reading keep getting dividends of knowledge to the very end of life. There is nothing quite like the relaxing power of reading and the love of all literature to round out a useful and stimulating life.

Unconsciously we absorb guidance, and it leads like a great truth. I wonder how it would seem never to be guided by anyone or anything? A blank life, surely like a ship with no rudder. An aimless existence. Just think of the guidance the Bible has given to millions of human beings throughout the centuries.

We all need guidance day by day. Friends can give it to us. So can religion. So can endless numbers of books. Nature gives us many an idea. God spreads His live all over the earth. You sense it in every flower, tree and stream — even in a blade of grass!

Tomorrow Mr. Adams will talk on the subject: "Good Will." Protected, 1957, by The George Matthews Adams Service

Just Folks

CHILDREN

Give me the little tots for friends,
The little girls and boys;
The roguish, curly-headed tykes
With all their fuss and noise.
Let little children round me play
And scamper through my home;
Then you may prate of foreign lands,
I would not care to roam.

Let little ones from far and near
Be glad to see my face
And welcome me at eventide
With all their childish grace.
Let little tots to meet me run
And bid me share their game;
Then I'll be satisfied with life,
I will not ask for fame.

With costly treasures fill my home,
Spread rugs of value great,
Hang works of art upon my walls,
Give me a vast estate,
And yet I will not happy be
Nor even count it fair,
Unless to romp within those walls
The little ones are there.

But with their trumpets and their drums,
Let little children come,
And let them march into my home
And make things fairly hum;
And let me see their faces glow
With all the bloom of health,
I'll count myself a richer man
Than those of untold wealth.

SECRETARY OF HIGHWAYS LIKES ERIE FREEWAY

HARRISBURG (AP) — Backers of the newly approved proposal for a Pittsburgh-Erie Freeway count Highway Secretary Lewis M. Stevens among their ranks.

Stevens on Monday praised the proposed route as a vital link between western Pennsylvania communities and the St. Lawrence Seaway.

"It is further recognition of the great potential in further developing the industrial capacity of communities in the western part of the state," Stevens said.

The new highways secretary made the comment after meeting with the co-chairman of the recently organized Pittsburgh-Erie Freeway Assn.

Newspapermen Head Group

Robert S. Bates, publisher of the Meadville Tribune, and G. A. Harshman, editor of the Sharon Herald, are the two heads of the group.

The parley had been arranged prior to last Friday's approval of the 102-mile route as part of the federal interstate highways system.

Stevens, looking to the freeway group for aid, said the next step would be to seek approval by the U. S. Bureau of Public Roads of a 30-mile link between Washington, Pa., and the West Virginia line.

Federal officials previously approved a 40-mile section between Washington, Pa., and the Pennsylvania Turnpike at Warrendale.

Approval of the southernmost link would create a superhighway running uninterruptedly between Erie on the north and the West Virginia line on the south.

Will Meet Soon

Bates and Harshman said the freeway association would meet soon to hear a personal report from Stevens and Deputy Highways Secretary George J. Richards.

They said in an interview that Stevens indicated that initial construction on the freeway would start in 1960 with the federal government putting up 90 per cent of the costs from its allocation for 1959.

Coincidentally, Stevens announced that the Pittsburgh-Erie superhighway, plus three small connections elsewhere in the state, increased Pennsylvania's interstate allocation to 1,560 miles.

Cite Connections

The connections, with mileages still undisclosed, include:

1. Between the Schuylkill Expressway in Philadelphia and the Industrial Highway following generally the line of Cobbs Creek.
2. Between the Schuylkill expressway at Conshohocken and the Pennsylvania Turnpike near Plymouth Meeting.
3. A belt route, south of Scranton, connecting the anthracite expressway near Pittsford with the junction of the Stroudsburg-Binghamton route and the Port Jervis-Elmhurst interstate route south of Elmhuurst.

Stevens said the precise routings would be made available later from the U. S. Bureau of Public Roads.

The previous interstate mileage approved for Pennsylvania was 1,446.

State Must Stop All Lump Contracts

HARRISBURG (AP) — The State Justice Department says the General State Authority must continue to award separate contracts for various phases of construction work rather than lump all the work on one project under a single contract.

In a formal opinion on Monday, the Justice Department said the GSA may not lump all the phases of work on one project under one contract.

Some members of the GSA had complained that such sectionalized contract awarding makes for delay in construction because of a lack of coordination between contractors.

CATCHES THIEF, POLICEMAN DIES

PITTSBURGH (AP) — A 51-year-old police lieutenant died of an apparent heart attack last night shortly after he and a fellow officer fought and captured a man surprised in the robbery of a service station.

The victim was Thomas Sanderson, 51, of suburban Edgewood. Patrolman Robert Miller said he and Sanderson, acting on an anonymous tip, went to a service station where a holdup was reported in progress.

The officers saw a man identified as Frank Silvasy, 32, of North Braddock, Pa., binding the owner of the service station, Michael Sandulak, with tape.

Miller said he and Sanderson pounced on Silvasy who was armed with an automatic pistol. He added that Sanderson was kicked in the chest by Silvasy.

The officers took Silvasy to the police station and booked him on an armed robber, charge. Then Sanderson collapsed and died. Miller said Silvasy was carrying \$84, his loot in the holdup.

Held For Court In Fatal Shooting

COUDERSPORT, Pa. (AP) — Willard L. Cunard, 50, of Flushing, Ohio, has been held for Potter County grand jury action on a charge of shooting a human being in mistake for game.

He is accused of killing C. Clyde Uliger, 28, of Willow Street, Lancaster County, with a rifle Monday while both were hunting turkey.

At a brief hearing yesterday before Justice of the Peace William Klein, Cunard pleaded innocent. He did not testify and was allowed to remain free on \$1,000 bond.

Game Protector R. A. Stidd said both men were using imitation turkey calls in a wooded section and apparently didn't realize they were near each other.

CLEARFIELD, Pa. — The promotion committee of the Keystone Shortway last night discussed plans to try to attract out-of-state industry to locate plants along the highway, which will run from Sharon to Stroudsburg.

The committee also talked about plans for a groundbreaking ceremony to be held about the middle of 1958.

WOMAN FACES INFANTICIDE CHARGE AFTER NEARLY 18 YEARS

BLOOMFIELD, N.J. (AP) — Pennsylvania officials are due to arrive here today with a warrant charging Mrs. Helen Navitski with infanticide in the death of her baby almost 18 years ago.

Mrs. Navitski, 39, of 160 Bloomfield, Ave., was arrested at her home yesterday on a fugitive warrant from Wilkes-Barre, Pa., and ordered held in Newark police jail pending extradition proceedings.

Dist. Atty. Albert Aston of Luzerne County, Pa., said workmen installing attic insulation in a home at Kingston, Pa., last Sept. 23 found the skeleton of an infant wrapped in a burlap bag along with soiled clothing.

Worked There As Maid

Aston said Mrs. Navitski had worked as a maid in the house, owned by Mr. and Mrs. Travis Reed, leaving Kingston in 1940.

Mrs. Navitski admitted giving birth to the baby early one morning in 1939 or 1940, he said. She was not married at the time.

Aston quoted her as admitting that she wrapped the infant — whose sex is still unknown to authorities — in a burlap bag and quilt and leaving the baby in the attic.

The district attorney would not say, however, whether Mrs. Navitski admitted killing the child.

Father Has Died

He quoted her as saying that the father of the illegitimate child, whose name was not given, has since died.

She married Stanley Navitski in New Jersey on May 21, 1944.

Aston said that shortly after the baby's skeleton was found, an investigation showed the burlap bag in which it was wrapped had been manufactured in the summer of 1938. He said Mrs. Navitski's arrest was requested when it was learned she had been a maid in the house at around that time.

"Hard To Believe"

The prosecutor said the Reeds, who have lived in the home since 1936, found it "hard to believe" that their former maid was implicated.

Mrs. Navitski, a husky factory worker, showed little emotion at her arraignment last night before Magistrate Arthur V. Talmadge.

Her husband walked away from police headquarters with his head cast down.

The couple has no children.

to laugh continually. The General sang and danced for the company, after which he and Barnum made ready to leave.

It should be mentioned here that Barnum felt uncomfortable talking to the Queen through the lord-in-waiting, and after a few exchanges, he entered directly into conversation with her Majesty. The lord-in-waiting was shocked, but Victoria did not seem to mind and began to direct conversation with Barnum, which she seemed to greatly enjoy.

The time for "backing out" arrived. Barnum and the General followed carefully the instructions in this regard; but the General

Child, 2, Drowns In Cistern Tuesday

CHAMBERSBURG, Pa. (AP) — Donald Lee McCanns, 2-year-old son of Mr. and Mrs. Stewart McCanns drowned yesterday in five feet of water in a cistern on the property of his grandparents.

Police said the child apparently pulled aside boards covering the cistern and fell in. He was pronounced dead on arrival at a hospital.

The accident occurred on the farm of Mr. and Mrs. Harper Hancock about four miles west of Chambersburg.

Fakes Leg Ailment And Makes Escape

DETROIT (AP) — Convict Richard Sarg son's self-diagnosis of his leg ailment proved faulty. He said it was paralyzed and he couldn't walk.

Sargson, 26, of Cornwaller, Ont., was brought under guard from the Detroit House of Corrections to Receiving Hospital for an examination.

Left unguarded for a moment, he quickly slipped his handcuffs and fled.

with his short legs found Barnum and the lord-in-waiting were retreating toward the door so rapidly that he could not keep up with them. He thereupon turned around and ran a few steps, then faced again toward the Queen, respectfully bowed, and again walked backwards. This he repeated two or three times. Barnum 6 feet two, and the General 2 feet one, retreating from the presence of the Queen was a sight to be held. And to add to the gaiety of the occasion, the Queen's poodle ran away from her and got into the act with the General, all of which resulted in the greatest "backing out" performance in royal history, and in the unrestrained amusement of the Queen and her party.

In another room refreshments were served, and Barnum saw to it that the gentleman who edited the Court Circular gave the affair due publicity.

The audience with the Queen and the newspaper notices caused such a demand for a sight of the General that Barnum was forced to engage a larger hall. Two more visits with the Queen followed. The Duke of Wellington, the Emperor of Russia, the King of Saxony, the Pasha, Sir Robert and Lady Pease, the Dukes and Duchesses of Buckingham, Bedford, and Devonshire, and many other of the nobility, all met the General and became his friends.

In the management of this English engagement Barnum proved himself a perfect showman. After a tour of the provinces, as successful as the London engagement, preparations were made for the General's appearance in Paris where the lavish entertainment in London was repeated by the French Royal House. Then on to Spain, Belgium, Scotland, Ireland, and other countries. Everywhere General Tom was received with open arms.

In February 1847, after having been abroad with the General for three years, they returned to this country. The General's European reputation had increased his popularity here at home, and Barnum found that he himself had made many new friends. The museum became a gold mine, and Barnum, whose intention it was to retire in due course, decided the time had come for him to choose a place of permanent residence. He and Mrs. Barnum selected Bridgeport, Connecticut.

Stiff Narcotics Terms For Women

PHILADELPHIA (AP) — Three Pottsville women arrested last May in a drive by narcotics agents were given stiff jail sentences yesterday under a recently enacted federal law.

The law calls for stiffer penalties for narcotics violators five years for first offenders and 10 for second offenders.

U. S. Dist. Judge Francis L. Van Dusen sentenced Dorothy Thomas, 37, to seven years in the women's reformatory at Alderson, W. Va., fined her \$300, and placed her on five years probation to start at the end of the jail term.

Helen A. Phillips, 36, and Kitty Brown, 32, were sentenced to five years each in the same institution and fined \$150.

COOPERATION PAYS ON THE PARTY LINE, TOO

The rewards for helping Mother with her cake are pleasant. And so are the rewards for extending courtesy and cooperation on the telephone party line.

When everyone uses the line sharingly everyone gets better service. And by giving up the line immediately in an emergency and replacing the receiver properly, you help yourself to a bigger share of that better service.

It's a fact that courtesy and cooperation will help to make your party line telephone even more useful.

IRISH, DUKE AND OKLAHOMA ARE PICKED TO WIN

By HAROLD CLAASSEN
NEW YORK (AP)—Oh, me. Oh, my. Which is worse, flu or football upsets? But nothing can make you feel worse than missing 21 of 44 college football decisions the week previous.

That's a measly .523 average compared with the season's take of .779. Oh, well. . . .

This week's picks are:
Oklahoma over Colorado: The Buffaloes always give Oklahoma their toughest league tussle, but not even the flu can stop the Sooners.

Picks Iowa And Duke
Texas A&M over Baylor: From September on, everyone knew this was going to be the title fracas in the Southwest Conference but the Twelfth Man (the Cadets' cheering section) gives the Aggies the edge.

Iowa over Northwestern: The Hawkeyes have the best defensive line in the Big Ten.

Duke over North Carolina State: Wray Carlton is the difference. Auburn over Houston: If Auburn spends too much time remembering the results of Saturday's battle with Georgia Tech, the Plainsmen could lose.

Irish To Beat Pitt
Notre Dame over Pittsburgh: The Irish have had two weeks to recover from the excitement of beating Army. The Panther attack lacks scoring punch.

Michigan State over Illinois: Lightning! doesn't strike twice in one season.

Army over Virginia: What do the Cadets care if the Virginia fullback is an honest-to-goodness Persian Prince?

Other Selections
Minnesota over Michigan: Possibly the day's most rugged contest.

UCLA over Stanford: How does anyone know what's going to happen in this mystery circuit?

Skipper over the others:
SATURDAY

EAST: Navy over Pennsylvania, Brown over Rhode Island, Lehigh over Columbia, Dartmouth over Harvard, Princeton over Cornell, Rutgers over Richmond, Syracuse over Penn State, Yale over Colgate, Holy Cross over Boston University.

ENGLISH TEAM REGAINS LEAD

HARRISBURG (AP)—England's Ted Williams said today he feels his team has the horses to win the International Jumping Championship at the 12th Pennsylvania National Horse Show.

"Our horses are all experienced," he said. "We will do well in the team events."

Williams put England back in first place last night in the week-long competition when he scored a first place in the fourth phase in the 11-event program.

Mexico Led Briefly
Mexico had taken the lead earlier in the day when Brig. Gen. Humberto Mariles turned in a brilliant ride aboard Chihuahua II, completing a 10-jump course without a fault in 37 seconds, best time of seven riders who had a perfect score.

Williams came back in the night event with a perfect ride aboard his prize mount, Pegasus, and an almost faultless ride aboard his other mount, Tim.

With seven more events to go, including two today, the team standing looks like this: England 30 points, Mexico 27, the U.S. 21, Argentina 14 and Chile 7. Ireland and Canada, still have not scored a point.

NO BASEBALL FOR BROOKLYN

NEW YORK (AP)—Surest thing about the baseball situation in orphaned Brooklyn is there still isn't any.

Frank Shaughnessy, president of the Class AAA International League, sounded out Ford Frick, Baseball Commissioner, yesterday on moving a minor league team into the borough to replace the Los Angeles-bound Dodgers.

Frick said the matter of what teams can move where was tabled until the Dodgers completed their move to the West Coast. The situation in the rest of New York stands suspended until the Giants completed their trek to San Francisco.

"After they move, there will be a 15-day waiting period and then New York will become American League territory under terms of the present rule," said Frick. "It would take the consent of the American League clubs to permit a team from another league to invade that territory."

The International League has explored the idea of putting a team in nearby Jersey City, where the Dodgers played seven games last year. Meanwhile, a Jersey City official has invited Philadelphia, Pittsburgh or Cincinnati of the National League to use Roosevelt Field part time or full time.

So far, no takers.

SELECT AREA APPLE QUEEN

Cumberland County's champion apple dessert baker Tuesday defeated champions from Adams, Perry, and York Counties to become eligible to enter the state apple dessert contest.

She was selected at a "pre-state bake-off" held at the Mechanicsburg Senior High School under supervision of the state Horticultural Association and the state Department of Public Instruction.

The Cumberland County champion, Carolyn Starnes, is a daughter of Mr. and Mrs. Lester G. Starnes, Mechanicsburg R. D. 16, who is a senior in the Cumberland Valley High School where she plays the flute in the band, sings in the Girls' Glee Club and is a member of the state council. She is also president of the Mechanicsburg Youth Council and the Trindle Springs 4-H Club. She plans to study home economics at Indiana State Teachers College next fall.

Ida Dietz, 17-year-old Green Park Union High School senior and president of the Perry County Council of Future Homemakers of America, was runner-up.

The other contestants were Jean Andrews, 17-year-old senior at Delong Catholic High School, McSherrystown, the Adams County champion, and Judith Brown, 17, a senior at Kennard-Dale High School, the York County champion.

The state contest will be held Saturday at York, starting at 10 a.m.

Bubblers To Host Cumberland Valley

The high-flying Eagles of Cumberland Valley High School will invade Boiling Springs Saturday evening with the strongest football team ever to represent the new school. Coach Sam Sanzotto's eleven has won five consecutive games after a first game loss and now boasts one of the strongest teams in the Lower Susquehanna Conference. Last Saturday night they handed a good West Shore Eleven a 60 to 7 defeat.

The Eagles have one of the strongest ground attacks of any school in the Central Penna. area. Against Camp Hill, they rolled "p" over 400 yards on the ground and against West Shore they threw only two passes the entire game in rolling up 60 points.

The largest crowd of the season is expected to witness the game. The Cumberland Valley band will provide the half-time ceremony while the Boiling Springs band will provide the pre-game show.

STOCK MARKET RALLIES TODAY

NEW YORK (AP)—The stock market rallied vigorously today in a mighty surge of buying after its worst drubbing in two years this week.

A wide number of key issues went ahead from fractions to around 2 points and some stocks far exceeded this.

Many of the shares which had taken the most severe beating on the decline were leaders in the recovery. Wall Streeters regarded the market's performance as a technical recovery, saying it was evident the sharp sell-off had reached a temporary bottom and was rebounding in classic style.

There was nothing particular in the news to change the mood of Wall Street. The high-speed ticker tape ran 6 minutes behind in reporting transactions.

The advance gathered momentum as buyers hopped on the bandwagon.

Back In Jail After 2 Hours Of Freedom

Joseph French, W. High St., was released from jail Tuesday and then returned and later released again on bad check charge.

French had been placed in jail over the week end on a bad check charge before Justice of the Peace John H. Baschore, placed by Swope's Atlantic Service Station.

He was released Tuesday morning after his wife and mother-in-law had raised the sum needed to cover the amount of the check and the justice's and constable's costs.

He was free from jail for about two hours, when he was returned on another bad check charge, brought by Gay's Jewelers. About 6:30 o'clock Tuesday evening his mother and wife paid the costs and the check, and he was released again.

The amounts paid totaled approximately \$70.

GAME CANCELED
The Bermudian Joint-Littlestown Junior High football game, scheduled to be played at Littlestown Tuesday evening, was cancelled due to illness among squad members.

Bermudian is scheduled to play at Biglerville next Wednesday afternoon while Littlestown will be host to Hanover next Wednesday at 7:30.

HERSHEY HERE FRIDAY NIGHT AGAINST GHS

Hershey and Gettysburg, with identical 1-2 records in the South Penn Football Conference, clash here Friday evening at 8 o'clock as both seek to improve their records in the keen battle for first division berths. Mechanicsburg and Chambersburg are also 1-2 in the circuit.

The game between Hershey and the Warriors will mark the 22nd in the series which opened in 1936 and has continued without a miss. Hershey's 28-0 victory last year gave it a 10-9 lead. Two games have ended in ties.

Coach Frank Kamus' Trojans are 2-3 overall for the season. After losing to Milton Hershey 14-6 they defeated Palmyra 21-0 and Waynesboro 22-0 before bowing to Carlisle 20-13 and Hanover 7-6.

Six Veteran Backs
The Chocolate Town squad has nine lettermen from last year including the speedy Barry Daniels, 170-pound triple threat ball carrier. There are also five other backs who earned letters a year ago.

Stan Musser, 230, and Dick Corrado, 194, both guards, and Ron Wenrich, 190-pound center, are the lone letter winners remaining on the line. However, Coach Kamus has a flock of other promising squad members who have combined to give good protection up front for the classy backfield.

Both squads will undoubtedly feel the effects of the recent epidemic of respiratory illnesses. Hershey closed its schools Tuesday and today but plans to reopen Thursday. Workouts here have also been greatly curtailed due to illness.

U. OF VIRGINIA'S BAKHTIAR IS BACK OF WEEK

By THE ASSOCIATED PRESS

Mrs. Elizabeth Graham, owner of Jewel's Reward — the favorite in Saturday's Garden State Stakes — today blasted jockey Willie Hartack as a "bad boy."

Hartack who had ridden Jewel's Reward in all the 2-year-old colts' early races, decided to ride Nadir in the Garden State, the richest horse race in the world. It's worth \$275,150 with \$156,334 going to the winner.

Mrs. Graham tacitly admitted she was annoyed at Hartack. "I thought he was going to ride Jewel's Reward for me all the way," she said. "I didn't think he'd go back on me. He's a bad boy for doing that. Now we have Willie Shoemaker, whom I rate ahead of him anyhow."

Caused Anxiety
Hartack and Jewel's Reward actually parted company in the Champagne Stakes at Belmont Park when he rode Lil' Fella, who didn't even finish in the money. Lil' Fella wasn't nominated for the Garden State, so Hartack—the country's leading rider in the important matter of winners—chose Nadir.

The word had been that Hartack's workout had caused Mrs. Graham and her trainer, Ivan Parke, some moments of anxiety. For top jockeys are not easy to find. There was a rumor that they had to pay Shoemaker a \$15,000 retainer to take Jewel's Reward.

"That wasn't true," said Mrs. Graham. "We paid Shoemaker \$2,500, and furthermore, we're very happy with him."

GAVILAN LOSES SPLIT DECISION

By BOB MYERS
LOS ANGELES (AP)—The bongo drums boomed out a sad beat today for Kid Gavilan, possibly tolling the end of his dream of recapturing the world welterweight crown.

The 31-year-old Kid lost a split decision last night to 22-year-old Gaspar Ortega, 22, of Mexico in a 12-round fight at Wrigley Field.

The winner was promised a match with another contender for the title, Vince Martinez, in an elimination series to fill the title vacated by Carmen Basilio.

Referee Franki Van gave the decision to Ortega 115-113 on California's 10-point per round scoring system, and Judge Tommy Hart carded it 115-112 for the lad from Tijuana. Judge Dynamite Jackson saw it Gavilan 117-113.

The Associated Press scored it 116-115 for Ortega. Most of the ringside writers, however, had Gavilan the winner.

The battle bristled with action and neither fighter could claim a round by more than a point. There were no knockdowns and neither fighter bore a mark at the finish.

Mississippi and Kentucky have been football rivals since 1944.

Lehigh Challenged For Lambert Trophy

NEW YORK (AP)—Undeclared Tufts moved up today to challenge unbeaten Lehigh in competition for the first annual Lambert Cup, emblematic of eastern small college football supremacy.

Lehigh maintained its top position by defeating Rutgers last week for its fourth straight victory, and eight in a row over two seasons. The selection committee gave Lehigh nine first place votes, Amherst two, and Rhode Island one.

Lehigh led with 9.6 points, Tufts was second with 8.2, followed by Amherst, 8.0; Rhode Island, 6.8; Williams, 5.0; Hofstra, 3.5; Hobart, 2.5; Lafayette, 2.0; Gettysburg, 1.6; and Delaware, 1.5.

GOLF'S WORLD SERIES OPEN

TOKYO (AP)—Golf's World Series the Canada Cup competition, begins here tomorrow with two Yanks whose total age is 92 years favored over top-line professionals from 29 other nations.

Sam Snead, 45, of White Sulphur Springs, W.Va., and Jimmy Demaret, 47, of Klamath Lake, N.Y., will defend the team and individual championships won in England last year by Snead and the now ailing Ben Hogan.

Tea time is 9:30 a.m. local time or 7:30 p.m., Wednesday, EST, with Japan's Torakichi Nakamura hitting the first ball down the fairway of the picturesque Kasumigaseki Country Club.

Each of 30 countries is represented by two top pros who will compete over 72 holes — 18 holes a day — through Sunday to decide the Canada Cup title based on aggregate scores and the International Trophy given the player with the best medal.

Chief threats to the Americans probably are the Australian team of Peter Thomson and Bruce Crampton and the four British tandems from England, Scotland, Wales and Ireland, who recently mopped up with America's Ryder Cup forces.

CONTRACT FOR BYPASS OF YORK IS AWARDED

HARRISBURG (AP)—The State Highways Department on Monday awarded an \$8,897,834 contract for construction of the final 7.12-mile section of the Harrisburg-Baltimore expressway.

The contract was awarded to Looming Construction Co., Inc., Williamsport, for construction of a roadway to carry the expressway around the city of York.

The by-pass, a portion of an interstate route, will consist of four lanes of divided highway with access controlled by means of four interchanges. Twenty-five major structures will be built.

The expressway will be open from Harrisburg to York by the middle of November. Construction is one-fourth to one-half completed from York to the Maryland line.

U.S. To Pay Bulk
Because the by-pass and expressway are on the interstate system, the federal government will pay 90 per cent of construction and right-of-way costs.

To conform to the requirements of interstate highways, an 11-mile section of the expressway, between New Cumberland and Srinestown, is being converted to limited access through construction of five interchanges, three bridges to eliminate highway grade crossings and service roads to provide access to homes and businesses shut off from the roadway.

The south bridge, now under construction over the Susquehanna River, is a part of the expressway. This bridge links Harrisburg and Lemoine.

Construction costs of the expressway in Pennsylvania total \$41,157,891 for 53.5 miles of four-lane divided highway.

Maryland, constructing its portion of the expressway north from Baltimore, has reached to south of Parkton with two lanes of an eventual four-lane divided highway.

Dairy Farmer Is Beaten On TV Show

NEW YORK (AP)—Harold Craig, 26-year-old Granville, N.Y., dairy farmer, eliminated from a national TV quiz show with \$105,000, says he is available as a Republican candidate for Congress.

Craig was defeated Monday night by David Mayer, a 36-year-old New York City psychologist, on NBC's "Twenty-One" show.

Immediately after the program, Craig announced that his friends had asked him to run for Congress and that he planned to do so next year.

Mayer's 21-18 victory lopped \$13,500 from the \$119,500 the dairy farmer took into Monday night's game. The two had tied in eight previous games, upping the playing stakes to \$4,500 a point.

The victory meant \$13,500 to Mayer, who now can try to add to his winnings next week.

STATE TO OPEN BIDS

HARRISBURG (AP)—Bids will be opened Thursday for sale of 33 million dollars in tax anticipation notes for payment of school subsidies in first, second and third class school districts next month.

State Treasurer Robert F. Kent said 62½ millions will be due at that time in school subsidies but that the remainder will be paid from the general fund.

Tax anticipation notes are short term notes, which must be redeemed during the biennium in which they are issued.

U. S. BUILDINGS ARE BLASTED BY SAIGON BOMBS

SAIGON (AP)—Time bombs Tuesday shattered the United States Information Service library, a military bus and a hostel in a sudden outburst of anti-Americanism in Saigon. Eighteen persons, including 13 U.S. soldiers, were injured.

The other injured were Vietnamese or Chinese civilians. No one was killed.

Two of the soldiers were reported in serious condition. Eight of the American wounded were being evacuated immediately to the Clark Field military hospital in Manila, a U.S. spokesman said.

The soldiers belong to the U.S. Military Assistance Advisory Group here to train South Vietnamese.

They wounded were identified as: Maj. Ellsworth Reiss, Army, Point Pleasant, N.J.; Capt. David C. Womack, Army, Roselle, N.J.; Capt. John R. Foley, Army, Hanceville, Ala.; Lt. Cmdr. Thomas Schofield, Navy, Marion S.C.; Sgt. Charles E. Kille, Army, Gardena, Calif.; Yeoman John Abernace, Albuquerque, N.M.; Specialist Eodora Rosario Mendez, Army, Colorado Springs, Colo.; and Specialist Charles Grant, Army, Pomona, Calif.

Doctors at Clark Hospital said the men were doing fine.

Library Was Empty
The injured persons were in or near the bus and hostel. The bomb in the Information Service library exploded during the alesia hour when the building was empty.

It was the first case of anti-American attacks in Saigon in almost two years. There are some 2,000 Americans in the Viet Nam capital, including military and diplomatic personnel and construction company workers helping build two modern highways.

The bus and hostel bombings occurred within several minutes of each other this morning. A witness a few yards from the bus said about a dozen soldiers and officers, coming from the Metropolitan Hotel, had just entered the

vehicle when the blast occurred.

Bomb In Bus Engine

"They were seating themselves when the roar of an explosion tore past my face, blowing out the hotel windows," he said. "One man on the bus steps was blown across the sidewalk. The bomb was placed in the engine of the bus and blew the insides out."

The time bomb at the American military hostel was hidden in a flower pot at the front. The explosion shattered one wall and damaged a car parked nearby. The hostel is in Cholon, Saigon's twin Chinese city. Four soldiers in the building were hurt.

The bombing incidents were particularly embarrassing to the South Vietnamese government of President Ngo Dinh Diem because it is acting as host to the ministerial meeting of the Colombo Plan. The plan, founded by Britain and Australia in 1950, includes 21 nations seeking to improve living and technical standards in Southeast Asia. The United States is one of the plan's "donor" nations.

ADENAUER HAS TROUBLE WITH NEW CABINET

By HERB ALTSCHULL

BONN, Germany (AP)—The Bundestag Tuesday elected Konrad Adenauer to his third 4-year term as Chancellor of West Germany. He instantly ran into trouble in forming a new Cabinet.

He was faced with a revolt from the farmers and from the Protestants within his own party. They were reported angry because they were given too few seats in the reorganized Cabinet.

So serious were Adenauer's problems that he was forced to cancel plans to introduce his new Cabinet to the Bundestag today.

Re-election of the 81-year-old Adenauer was a foregone conclusion after his Christian Democratic Union won an absolute majority of the Bundestag seats in the Sept. 15 election.

Party Line Vote
The vote Tuesday was purely on party lines, Adenauer gaining 274 votes while 192 cast ballots against him with 9 abstaining. To elect a total of 249 votes was necessary.

Adenauer told newsmen it probable the balloting Sunday. His supporters claimed on Monday that thousands of peasants were kept from voting while thousands of government workers voted twice.

The general said the government had prevented his district leaders from reporting returns.

Adenauer was re-elected to the post he has held since the Bonn Republic came into being in 1949. No other names were placed in nomination.

ably would be Monday or Tuesday before he would be able to present the new Cabinet to the Bundestag. He complained numerous interests were pressing him for representation.

Adenauer called off the government declaration of policy scheduled for Friday. The declaration is similar to the State of the Union message in the United States.

Protest members of Adenauer's party were reported incensed over the fact the Chancellor had only 6 of their number on his 18-member Cabinet slate, while he had chosen 10 Roman Catholic party members. Adenauer is a Catholic.

Differ Over Posts
The remaining two Cabinet posts were to go to deputies from the German party, a small coalition party made up largely of farmers. These two prospective ministers also are Protestant.

Protestant deputies also were reportedly complaining that Fritz Schaeffer, 69, former finance minister and a Catholic, had been slated to be vice chancellor. They said the post should go to a Protestant.

Farmers opposed the plan to hold over Heinrich Luebbe as agriculture minister. They complained they have not been getting their share of the West German prosperity and they blame him.

Enlarged High School At Biglerville Soon Will Be Needed, Hudson Tells PTA

An enlarged Biglerville High School capable of handling a student enrollment in excess of 800 was forecast as a need of the near future by Donald Hudson, supervising principal of the Upper Adams Joint Schools, in a talk to the Upper Adams Parent-Teacher Association.

Hudson also noted in this talk that:

The cost of education is not going to decrease:

More children should go to college:

Parents and teachers should "work hand in hand to turn out a good product."

And there is need to change the educational system of our nation to produce citizens devoted to democracy, just as Russia today is teaching its children to be good Communists.

Plan For Future

The Upper Adams supervising principal urged the parents to "face up to reality and make plans for the future" in connection with expected increases in enrollment.

"Some of our classrooms are already overcrowded," he said "so you can realize what we have to do."

He added, "We are not complaining or crying the blues because hundreds of other communities throughout the nation are in the same predicament."

Upper Adams' problem of school costs and necessary expansion is part of the national picture, he said: "According to a release of the U.S. Office of Education the cost of education in 1956-1957 was about 12 billion dollars. This cost is not

going to decrease; it would be an impossibility to decrease costs because we have for the 13th consecutive year an increase of school enrollments. Throughout the nation there is an enrollment now of over 7,000,000 children in grades nine through 12. Add to this problem a need for an additional 55,000 teachers.

"Concerned With Situation"

"Personally I am very much concerned with the situation facing us today in this country over our educational policies," Hudson said. "It appears that we are facing two paths, one road leads along the same paths of education as we have been following for years — that of giving our children an education that will offer them varied interests for an understanding of life.

"The other road to which I have made reference is the road that will lead to a policy of educating our children to compete with the Russian philosophy.

"I wish to quote from an article by Arthur Rice, editor of the 'Nation's Schools.' Mr. Rice said: 'The greatest threat to world peace lies not the military power of Russia but the Soviet man who is being trained to wield that power. The Communists are using education as a weapon, as an instrument of war. The entire Russian scene, and to an increasing extent, the picture in China, is an experiment in the conditioning of the human mind. The complete control of education in Russia is in the hands of the political party, the bloodstained hands of the same leaders who are responsible for the crimes against Hungary. There are nearly twice as many young people in the schools of Russia as in those of the United States. And everyone of those 60 million pupils is being indoctrinated with the idealism of the supreme loyalty to the party and the Central Committee.

"If democracy is a better way of

life — as all of us so firmly believe — then the practice and improvement of democracy must also be a major purpose and outcome of our public school system."

"I would urge all of you as members of the PTA to become acquainted with the curriculum offered in our school. Then determine to your best ability just what curriculum is best for your child.

"Get the assistance of the guidance counselors and the teachers. Then I would urge you to try to learn if your child is college material. If he is, then make plans to find the money to send him to a good college. Please don't get the idea that I believe every child should go to college. But I firmly believe that every child who has the ability should go to college.

Not only that, I believe someday every child who has the ability and the desire will be able to go to college. Perhaps this will mean state aid or federal aid, but I believe it will come.

Have Right To Expect Much

"I urge you to help us develop ladies and gentlemen in our schools; help us to teach respect for authority and for property.

"We need to teach proper dress in school today. It is never necessary for children to be dressed in their Sunday best every day, but it is necessary for every child to be clean and neat.

"Friends, I hope that from this talk you do not feel that I am expecting too much of you as parents. I sincerely believe that by working hand in hand we can turn out a good product. I do expect a good deal from you, but on the other hand, you parents have the right to expect a great deal from your school."

Bill Hartack's first 1957 stakes victory aboard a 2-year-old came last April when he won the Lafayette Stakes with Bumpy Road at Keeneland, Ky. Since then he won stakes on five other 2-year-olds.

U. S. FACES DEEP INVOLVEMENT IN MID-EAST CRISIS

By JOHN M. HIGHTOWER
WASHINGTON (AP) — For years the Middle East has been torn by conflict. The United States never has succeeded in devising a policy for dealing decisively with it.

As a result the United States today faces greater dangers and deeper involvements in the power politics of that region than at any time in its history. It also faces the possibility of serious defeats there by Russia unless means can be found to block the spread of Soviet influence.

The United States has had two major objectives: to make peace between Israel and the Arab states and to protect the region against Soviet inroads.

Main Source Of Trouble

Many of the best informed diplomats and officials consider the Israel-Arab conflict to be the main source of trouble. With a permanent peace arrangement between Israel and its Arab neighbors, all other troubles would be manageable.

All efforts in this direction, however, have failed.

Other factors are the conflict peoples of the Middle East and the colonial powers of Western Europe, and the struggle for leadership among Arab states.

Stakes Are High

If Russia could break the ties and influence of the United States and its allies, the Soviet gains would be tremendous. Russia would get authority over output from the world's richest concentration of oil reserves. It would control the Suez Canal and the airways between Europe and Asia. It would break the chain of American and Allied bases which is the first line of defense against Soviet striking power.

The high stakes made the whole topic of Middle East politics and defense one of the top items on the agenda for the meeting here this week of President Eisenhower and British Prime Minister Harold Macmillan. But this is nothing new; the Middle East has been a priority problem for every high-

level Western conference for years. And the prospects are that this will be true for years to come.

It seems probable that any except the most carefully localized outbreak of fighting would sooner or later draw United States forces into the maelstrom of a Middle East war.

Most Recent Pledge

U. S. commitments began to take firm shape in 1947 when President Truman proclaimed the policy of helping Greece and Turkey to resist Communist pressures. This became known as the "Truman Doctrine."

The most recent commitment came last March when President Eisenhower and Congress joined in proclaiming an intention to defend the Middle East against aggression by "international communism" with the use of force if that became necessary and if any country attacked asked for American help.

By these measures the U.S. government has tried to fill the vacuum left by the decline of British and French power in the area. At the same time it has sought to disassociate itself—in the eyes of the Arab countries especially—from identification with the former colonial rulers even though they are its principal allies in the cold war. This aspect of American policy led to a fantastic spectacle last November: the United States joined Russia in the United Nations to denounce Britain and France along with Israel for attacking Egypt.

In the intervening year this breach of Allied cooperation has been largely overcome under the pressures of increasing Soviet political and diplomatic offensives against the Middle East.

SARNOFF SAYS PAY-TV NOT FOR GOOD OF PUBLIC

PITTSBURGH, Pa. (AP) — Robert W. Sarnoff, president of the National Broadcasting Co., said today pay-television can succeed only by "devouring the substance of free television."

Sarnoff said NBC is convinced pay-TV is against the public interest.

"Of course," he added, "this view may not prevail and the pressures behind pay-TV may succeed in putting it over on the public." He continued: "If it does eventually develop as the replacement for free broadcasting, we like the public will have no choice but to follow the pay-TV tide."

Would Cost Free System

Pay-TV, Sarnoff said, "could ultimately sweep away the nation's free broadcasting system." He said the system includes 470 TV stations and three national TV networks.

This prospect, he said, "shocks me."

The Federal Communications Commission announced Oct. 17 that a proposed public trial of subscription TV will be limited to cities having top-quality TV service from at least four stations.

Five Seek Approval

The FCC said it will accept applications by stations to take part in demonstrations, but it affirmed its previous tentative decision not to issue permit for trials before next March 1.

Several companies have developed a subscription service system.

Five companies have placed pay systems before the FCC for approval.

The FCC said it was prepared to authorize demonstration of any system which would not interfere with other radio service or lower the quality of standard TV.

Dean said one robin, after eating fermented berries, tried to pick a fight with its image in a sidewalk puddle. Some of the robins, he added, are just "sputtering" instead of singing.

U.S. And Russia In Cold War For Control Of Most Strategic Area On Earth

Editor's Note—William L. Ryan, writer of the following story, is just back from one of the frequent trips he makes to the Mideast.

By WILLIAM L. RYAN
AP Foreign News Analyst

The decisive cold war battle over the Middle East seems about to be joined. For Western civilization, this is a moment for prayerful resolve.

The Democratic world faces a toe-to-toe struggle with communism over a vast sun-baked section of the globe which President Eisenhower calls the most strategic area on earth. The winner will be the side with the strongest nerves and greatest resoluteness. Nikita S. Khrushchev and his Communist cohorts are toying with global peace. One serious mistake, one bad miscalculation in the Middle East now could bring the world to the edge of disaster. This would be no Korea. Much more is at stake, including the economic health of all Western Europe.

War Is Possible
All the elements for a little war in evidence today in the Arab world. A big war remains a possibility—though not a probability. But Soviet communism persists in courting catastrophe.

Men who can harness the atom and plan outer space travel are gambling that they can control much less manageable forces: the human emotions of a highly unstable people.

There is no mystery about what Moscow is trying to accomplish in the Arab world.

The Russians do not want to start World War III. But they have gained great propaganda victories through their championing of the Arabs against Israel and through recent scientific advances. In their determination not

to surrender this initiative, Soviet policy is using all measures short of war, approaching as close to the brink as Moscow dares.

Red Chief Seeks Power

It is becoming clear that one of Khrushchev's immediate goals is to force a big power meeting of heads of state giving him a permanent and authoritative voice in the Arab world's destinies.

The Russians hope to force such a meeting by beating a constant tattoo on the world's nerves and then building up pressure on London and Washington by offering hope of a way out of a highly explosive situation.

From a big power meeting, the Russians could work to emerge as the leading champions of Arab aspirations. Behind scenes they apparently hope to push forward relentlessly with economic, military and political penetration. They seek destruction of Western Allied influence in the Middle East, so that the northern tier of resistance to communism is broken and there is no hope left for an effective solid front.

Red Foothold In Syria
Moscow already has a strong foothold in Syria, through military dependence. An economic trap, too, is being set for the Syrians.

The Russians probably are working hard even at this moment to bring about a situation in Syria's neighbor Iraq which will result in an anti-Western explosion there. Frustrated Arab nationalism, in a nation aligned militarily with the West, provides a convenient weapon.

If the Soviet program goes according to plan, Turkey would be effectively encircled. The northern tier will have come apart. With Syria astride the oil pipelines to the Mediterranean, Iraq on the Persian Gulf and Egypt sitting on

VETERAN ARMY SERGEANT SAYS HE WAS RED SPY

NEW YORK (U-P)—A U.S. Army master sergeant has testified that he betrayed his country and turned informer for the Russians after a wild Moscow hotel party with two Russian girls.

A grin flickering across his angular features from time to time and speaking with a lisp, Sgt. Roy A. Rhodes, 40, testified in Brooklyn Federal District Court on Monday that he was paid for giving information to Soviet nationals in 1952.

Rhodes was testifying as a witness for the government in the espionage trial of Col. Rudolf I. Abel, 55, alleged master spy for the Soviet Union in the United States.

"The information you gave them—was it truthful or untruthful?" Rhodes was asked.

"Some of both, sir," replied the veteran of 15 years in uniform. The Oklahoma-born soldier told Judge Mortimer W. Byers and a jury of nine men and three women that he had received the equivalent of \$2,500 to \$3,000 in rubles for giving the Russians information about himself, his earlier training in code work and about the habits of military and State Department personnel assigned to the U.S. Embassy in Moscow.

Rhodes said he arrived in Moscow in 1945, after serving in the Suez Canal, Western Europe's oil would be at the mercy of Arab nationalist demands.

Need Arab Tension
Will the Russians risk total war to pursue such aims?

The Russians need sustained Arab world tension if they are to push toward their goals. The Soviet policy aims at controlled turmoil. Indications are they will continue leading the world to the brink and suddenly pulling back to consolidate gains.

The big question: Will the Russians be able indefinitely to pull back in the nick of time?

cow June 22, 1951, and was put in charge of the embassy garage. He had been trained, he said, in code and cipher work in the Pentagon.

The sergeant traced his covert activities in Moscow to a drinking bout in December 1951. He said he was celebrating news that his wife and daughter had received permission from Soviet authorities to join him.

"Five or ten weeks later," he said, the same girl called him at the garage and he arranged to meet her.

He said they met two men in the street, one the girl's brother, the other an English-speaking Russian introduced to him as Bob Day or Bob Smith.

Rhodes testified that he never saw the girl again after that day but met the English-speaking Russian several times.

Rhodes gave no indication under direct examination that he knew Abel or had any dealings with him.

Faces Death Sentence

Abel faces a possible death sentence if he is convicted. He is accused of stealing American military and atomic data while posing for nine years as a Brooklyn artist.

James B. Donovan, chief counsel for Abel, asked the court to have Rhodes' testimony stricken from the record.

Donovan contended that Rhodes' alleged illegal activities had nothing to do with the conspiracy attributed to Abel.

The sergeant testified that on leaving Moscow he had been assigned to San Luis Obispo, Calif., and that he later served at Ft. Monmouth, N. J., at Ft. Hauchuca, Ariz., at Ft. Monmouth again and finally at Ft. Myer, Va.

SNOW IN MONTANA

The season's first snowstorm brought falls up to six inches and wintry temperatures to western Montana, but moderated some as it rolled into the northern and central plains Tuesday.

WHEREAS the United Nations, in cooperation with the Specialized Agencies, have been helping to create the basic conditions for peace by encouraging greater production of food, better health, higher standards of living, and greater educational opportunities; and

WHEREAS the General Assembly of the United Nations has resolved that October 24, the anniversary of the coming into force of the United Nations Charter, should be dedicated each year to making known the purposes, principles, and accomplishments of the United Nations;

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby urge the citizens of the Nation

Quiz Three Boys On Railroad Tampering

CHESTER, Pa. (U-P)—Three boys were in custody today after police found railroad switch boxes tampered with along the route taken by Queen Elizabeth on her way from Washington to New York.

The teen-agers, whose names were withheld, were questioned by railroad and city police about the switch boxes found broken into along the Baltimore & Ohio tracks near here.

The Queen's train from the Capital to New York early Monday was not affected in any way by the incident.

Railroad telephone boxes also had been broken open, but nothing inside them or the switch boxes had been damaged, police said.

PHILADELPHIA (U-P)—The Sun Oil Co. has filed with U.S. District Judge J. Cullen Ganey a 320-page brief denying charges of anti-trust violations brought by the federal government seven years ago.

In the brief, filed Monday, the

to observe Thursday, October 24, 1957, as United Nations Day by means of community programs which will demonstrate their faith in, and support of, the United Nations and will contribute to a better understanding of its accomplishments and of the hopes that inspired its founders.

I also call upon the officials of the Federal and State Governments and upon local officials to encourage groups and agencies of the press, radio, television, and motion pictures, as well as all citizens, to engage in appropriate observances of United Nations Day throughout our country in cooperation with the United States Committee for the United Nations.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

HI-FI

EXPLAINED

All HI-FI systems are composed of three principal parts: a record changer or turntable, an amplifier, and the speaker. A tuner and tape recorder can also be included. This combination of electronic parts can range in price from a low \$19.95 simple child's phonograph to very elaborate HI-FI systems costing into the thousands. The amount invested largely determines the degree of quality of sound that the system will reproduce. HI-FI can be purchased two ways: those systems completely assembled by one manufacturer, and those assembled by the customer from components furnished by several manufacturers.

Every part of a HI-FI system is of definite value; however, the speaker plays the most important part because it is this device which produces the actual sounds that you, the listener, will hear. The speaker performs this by transforming electrical impulses into air movements whose intensity varies with the musical tones being reproduced. These movements of air cause likewise vibrations of the human eardrum which the brain understands as music. A single speaker can range in price from the \$1.50 one which is in your table radio to ones costing as high as three hundred dollars and weighing as much as five times the weight of your table radio.

Behemoth is the word today for speakers. One manufacturer boasts that his HI-FI set contains three speakers while another speaks confidently that his has a 15-inch woofer, a 12-inch woofer, two 8-inch mid-range, and a 4-inch tweeter. The terms used all describe that portion of the frequency range which each speaker is supposed to reproduce. As a result of this speaker parading you the customer are as mixed up as the seller. In fact one audiophile (HI-FI owner) alone claims a room encompassed by 22 speakers. The number of speakers does not alone determine the quality of sound you will hear. Two good speakers properly enclosed will perform better than several speakers poorly arranged. The qualities of sound, not the count of speakers, is what you the buyer must be concerned with. There is no imitation for quality. HIGH FIDELITY CENTER, 118 BALTIMORE STREET, GETTYSBURG, PA. PHONE 170-W.

JUDGE SAYS HE BELIEVES GIRARD STORY

MAEBASHI, Japan (AP)—The presiding Japanese judge Tuesday accepted GI William S. Girard's story that he did not mean to hit anyone when he fired the shot that killed a Japanese woman collecting scrap brass on an Army firing range.

"The court does not feel that you fired this shot with intent to hit anyone, but so far as you are concerned, you think it was negligence or an accident—is that right?" — Judge Kawachi asked the 22-year-old soldier through an interpreter.

Girard, testifying in his own defense in the final stage of the two-month-old trial, said that was right.

Gain For Defense

Kawachi's statement seemed a gain for the defense. But under Japanese law the three-judge court could still convict the soldier of the charge of inflicting bodily injury causing death if it decided he knew the power of his weapon and the danger of firing the way he did.

The soldier admitted firing two cartridge cases from his grenade launcher to scare away Japanese brass collectors last Jan. 30. He claimed he fired one straight up in the air and the other over the heads of the trespassers.

Girard admitted changing his testimony early in the investigation, saying he first told of firing only one shot because he was "nervous and scared." He emphatically denied the testimony of his companion on the firing range, Specialist 3.C. Victor Nickel of Inkster, Mich., that Girard first asked him to say he knew nothing about any shots and later to say he saw Girard fire only once.

The judge also asked Girard if he repented his deed—an important element in Oriental justice. "I am very sorry," the soldier replied.

CATTLE PERISH IN YORK BLAZE

YORK, Pa. (AP)—Twenty-six cows and six heifers perished Tuesday in a fire which destroyed a large barn on the dairy farm operated by Wilson Gladfelter on Route 111 about two miles north of York.

Gladfelter, who was tenant on the farm owned by Mary Herbst, estimated the damage at \$25,000 to \$30,000.

The loss included, in addition to the livestock, farm machinery, 2,500 bushels of corn; 30 tons of straw; 900 bushels of oats and 80 tons of hay. Three hogs and two dogs also perished.

Firemen battled the blaze for three hours to bring it under control.

CZECHS RIOT AGAINST REDS

VIENNA (AP)—About 800 Czechoslovaks demonstrated against the Communist government in the center of Prague Oct. 13, said diplomatic reports received here Tuesday.

The demonstration was belatedly admitted on Monday at a Prague news conference by Interior Minister Rudolf Barak.

Barak called it "a demonstration against the government." He described the demonstrators as hoodlums influenced by the American way of life.

Diplomatic reports said the demonstration took place in historic Wenceslaus Square, Prague's main square. Youths began the noisy outbreak and persuaded hundreds of other persons, including many adults, to join.

Barak did not disclose how the demonstration ended, or whether police dispersed it. However, he added that his police were "preparing a decisive blow against the hoodlums."

Communist-controlled newspapers in Czechoslovakia frequently have admitted discontent among the nation's youth. Even before the uprising in Poland and Hungary last year, Czechoslovak students were demanding more liberal instruction and opportunity for contacts with the West.

QUEEN, PRINCE REACH LONDON

LONDON (AP)—Queen Elizabeth II and Prince Philip arrived back in England Tuesday from their triumphant visit to the United States and Canada.

The American-built DC7C that carried them from New York landed at London airport at 4:02 p.m.

Princess Anne, their 7-year-old daughter, was at the airport to welcome them as was Prime Minister Macmillan.

FREED WITNESS FEARS FOR LIFE

NEW YORK (AP)—Joseph Carlino, a conspirator in the Victor Riesel acid blinding case, has gone home to the East Side after a year and two months in custody. But although he's a free man—at least temporarily—he can hardly feel greatly relieved.

He was the star government witness against other alleged conspirators in the plot to silence Riesel.

When Carlino, 44, was freed Monday in federal court as a reward for his testimony, his lawyer, Bernard Moldow, told the judge:

"He knows he is risking his life. Violence runs rampant throughout this case. He has no assurance when he leaves custody that the case ends there. And he will have that feeling until the end of his days."

Lt. Jesse Bounds, line coach for the Air Force Academy football team, was a 1949 tackle at Tulane.

LAST word in dealer service...

With colder weather just ahead, your car deserves the attention of a man who specializes in Happy Motoring in any weather — your Esso Dealer. You'll want a complete lubrication, battery and cooling system check-up (one fill with Atlas Perma-Guard® Anti-Freeze lasts all winter), and an oil change to new Uniflo — the best motor oil you can buy! See your Esso Dealer soon... travel first class, regularly!

ALWAYS your best buy!

When you stop at the Esso Sign, you needn't pay an extra penny for power your car can't use, because you can choose from three gasolines — not just two. There's Esso, the popular "regular".... big value Super Premium Esso Extra.... and for all new cars and higher-compression engines, Golden Esso Extra, "the gasoline that's truly in a class by itself"! Try one of these three fine gasolines next time you drive.
